

12 May 1964
Refer: SD-655

25X1A To: [redacted]

Subject: Contract FI-5777
Amendment No. 3

Enclosure: (A) Three (3) Copies of Amendment No. 3

Dear Art:

Pursuant to our telephone conversation on 11 May 1964, enclosed please find three (3) copies of Amendment No. 3, which I am returning unsigned.

25X1A The adjustment of the total contract price from [redacted] to
25X1A [redacted] contains a computational error of [redacted]. The total
25X1A net credit to the Government, as agreed to in your letter 64-027, dated
25X1A 2 March 1964, of [redacted] when subtracted from the total contract
price of [redacted] leaves a balance of [redacted] 25X1A

25X1A Further, Part III of this amendment indicates that the
25X1A Flow-Coating, in the amount of [redacted] X-ray of [redacted], and 25X1A
Reseau of [redacted] are contingent upon approval and incorporation
in the four (4) systems under contract. Please be advised that the
Flow-Coating and X-ray requirements have been approved and are in-
corporated in paragraphs 5.4.5 and 5.4.6, respectively, of the Design
Control Specification, DCS 1232-4001, dated 16 August 1963. The
requirement for the Reseau was approved in TD 4001C, issued on
1 August 1963 and approved by the cognizant technical staff on
26 August 1963, a copy of which I have taken the liberty of enclosing.

In view of the above, it is requested that Part III of this amendment be deleted. Upon your review and approval, I would appreciate your transmitting Amendment No. 3 to Fairchild once more for execution, and at that time I will see to it that it is handled in an expeditious manner.

Thank you for your cooperation.

Very truly yours,

[redacted signature box]
